

## Allpay

We understand that many people may be reluctant to make 'over the counter' payments in shops and post offices at the moment. There are a number of alternative ways to pay which include:

**Internet payments** – you can make secure on-line payments at any time at [www.allpayments.net](http://www.allpayments.net) using your payment reference number from your swipe card or the barcode from your bank card.

**Telephone payments** – If you don't want to pay on-line there is a simple automated telephone system that takes you through every step of the payment process, again using your payment reference number. Please telephone 0844 557 8320 to use this.

**Mobile App** – is available for both Apple and Android devices, this can easily be set up with a bank card to make payments on a regular basis after a simple registration.

**Text Payments** – even without a smartphone you can register and make payments after a brief registration. You can do this at: <https://www.allpayments.net/TextPay/Registration1.aspx>
