

## CORONAVIRUS – COVID-19 – UPDATE

### CLEANING OF COMMON AREAS AND LAUNDRIES

Due to the current restrictions, our usual cleaning company are not currently available. We have identified an alternative provider that specialises in the disinfection of commercial and residential properties and we expect them to have a small team on site on Wednesday 8 April and Thursday 9 April (this week).

They will be focusing in particular on the cleaning and disinfecting of hard surfaces to include:

- Laundries
- Lifts and lift control panels
- Door entry panels in common areas
- Door handles in common areas
- Banisters and handrails

**Please be aware that in following the latest government advice the cleaners will be wearing extensive personal protective equipment. Do not be concerned by this, it is entirely precautionary and is not as a result of receiving a report of an infection.**

Whilst they are undertaking this work, please avoid using the communal areas or facilities that they are cleaning and, as always, ensure that you respect the social distancing guidelines.

Thank you for your help and co-operation with this.

Please continue to stay safe.
